Ahoy, Mateys!

This be a test document, compiled by the embedded Typst compiler.

The Crew

- **Captain**: Context Pilot
- **First Mate**: Callback Engine
- **Navigator**: Package Resolver

The Treasure

This paragraph was added by an edit — the callback should recompile automatically!

The Mission

Verify that .typ files auto-compile to .pdf in the same directory, with no config.json, no output folder, and no unnecessary complexity.

⚓ Fair winds and following tests! ⚓
